

The color code of Yaskawa system standard cable is different from the national standard or IEC standard

- 1. All power cables are black.
AC three-phase four wire color code: R (red) / S (white) / T (blue), zero phase o (black)
The color code of DC line is: P (red) / N (blue)
- 2. All the control lines are yellow with white number tube.
- 3. Ground wire: Green / yellow green
